

Alpena Skaters Thrill Spectators

PERFECT DAY DRAWS SMALL ATTENDANCE

While the weatherman dished out ideal winter sports weather, and the local committee provided a high class program, the public, oft disappointed by bad weather, failed to materialize. While there were hundreds at the park Sunday, the number should have been in the thousands.

Well, that's part of the chance that is taken in this kind of sport. When the season is good, it's a great success financially and otherwise. When the season is bad, it's a losing game financially and disappointed crowds get tired of having trains cancelled.

ALPENA DAY AT PARK

Not having to depend upon snow trains, a big crowd of Alpenians came by auto. With them came the crack Alpena Figure Skating club.

The skating rink was in perfect condition and exceedingly fast. All day long crowds of merry skaters enjoyed the skating in the large circle along the outside edges of the iced surface, while inside the circle was kept clean and unused until 3:00 p.m. At that time a program of fancy skating numbers was announced.

About 20 took part in the skating program, under direction of J. A. Bezotte of Alpena. Miss Betty Bezotte was the first to appear and was followed by Miss June Stoner, in singles. Danny McDougall, athletic clown of the group, could fall down much better than he could skate and he kept the crowd in laughter.

Another clever single was presented by Miss Delores Hart, which was followed by a group waltz, in which 12 skaters took part.

At this time a brief program was given in which Grayling's queen, Miss Naomi Wheeler, was officially crowned at the winter throne, at the feet of the 30-foot winter snowman. Queen Naomi was surrounded by her court and a large circle of boys and girls in fancy skating costumes. It made a thrilling picture, as Ben Wright of Alpena placed the crown upon the head of Grayling's 1938 winter queen.

Other skating numbers followed in quick succession and for over an hour the crowds were entertained with some very clever skating. Among the numbers was a double by Alpena's oldest and youngest skaters—ages 70 and 6, and they both did well.

This group of figure skaters proved themselves very clever and skillful with the blades. Some of their most difficult numbers were done with exceeding grace and ease, showing natural skill and a heap of instruction and practice.

Alpena has a full-time skating teacher during the winter months and there are classes from tiny tots to grownups, which makes possible this splendid figure skating club.

While the skating rink was claiming the lion's share of attention that day, the toboggan slides were not neglected. Never were the tracks faster and toboggans flew like the wind far across the highway that fronts the park.

It was a great day at the park and those who were in attendance had a fine time. Whether there will be any further activities at the park depends upon the most favorable weather. Spring is just around the corner in southern Michigan and it is hard to believe that there is winter in the north.

Basket Ball Tourney Opens March 3rd

11 HIGH SCHOOL TEAMS ENTERED

Next week the tournament will make Grayling the center of basketball interest in this district as the high school athletes square off for the grand finale of the season. Competition for the trophies this year promises to be more serious than usual.

The first games will be played on Thursday afternoon, March 3, with the Class D teams swinging into action. The classy Roscommon club will be favorites to cop the Class D title, but plenty of serious opposition is expected from some of the other six schools. Besides Roscommon, Vanderbilt, Mio, Frederic, Johannesburg, Elmira and St. Mary's of Gaylord will be involved in the Class D battle.

The Class C tangie presents Kalkaska, Mancelona, Gaylord, Ontonagon, and Grayling. The One-way team has the best record but anything can happen and any one of the other schools is a possibility at upsetting the applecart.

All in all the tournament promises to be one of the most interesting that has been staged and interest runs high. The drawings will be held Saturday afternoon at Grayling High school.

There will be games Thursday afternoon and evening, Friday afternoon and evening, and Saturday night. Grayling will play its first game against one of the other schools on Thursday night.

The officials will be Bates from Harbor Springs and Gabrysak of Mt. Pleasant. Both are competent and should handle the games in good shape. Officials are appointed by the state department.

Evening games will start at 7:30, with two afternoon sessions slated for 2:30. Prices will be moderate and a limited number of tournament tickets will be available. Mr. Poor, of the local schools, is the tournament manager.

Frank Beckman Passed Away

Frank Lewis Beckman, well known resident of Grayling for several years, passed away at his home at 6:00 o'clock Tuesday evening, following a lingering illness of heart trouble. Mr. Beckman had been in very poor health for a year and since November had been confined to his bed most of the time. It was necessary for him to give up his work as barber and he sold his shop on the South Side to Roy Boger, in May.

Mr. Beckman was born in Michigan City, Ind., May 24, 1858 and would have been 80 years old had he lived until his next birthday. His boyhood was spent in Indiana, and his first marriage occurred in South Bend. Six children were born to the union, two dying in infancy, and then while residing in Detroit a very sad thing happened when his wife and four remaining children died of black diphtheria, leaving him alone. This caused him much grief.

Mr. Beckman came to Grayling in March, 1925, and on Dec. 7, 1926 was united in marriage to Mrs. Sarah Regan. He was a barber by trade and entered the employ of Walter Cowell, and later the Carl Sorenson shop. For several years he had been in business for himself operating the South Side barber shop.

When Mr. Beckman became ill he applied for old age assistance last fall, and had just received two checks. He disliked to ask any help until it was really necessary. He was a good citizen, took care of his obligations and was ready to help in any need.

He took active part in the community activities, working in the lumber woods and sawmills, and driving logs on the rivers. Grayling's sidewalks those days were of boards placed end to end. In the year 1879 he acted as deputy postmaster of Grayling, under postmaster John Hadley, who was too busy, he said, looking after his real estate business to attend the postoffice.

The postoffice at that time was located near what is now the offices of Drs. Kepert and Clippert. Mr. Hadley built and lived in the house that is now used by Willard Harwood and family (Tromble house) on U. S. 27. Mr. Cowell's father came here to join him in the year 1882.

In the year 1883 Mr. Cowell and his boyhood chum, Albert Roderick were married to Misses Matie and Mattie Silsbee, attractive young sister twins.

Mr. and Mrs. Cowell and Mr.

and Mrs. Roderick went west in 1890 to make their homes in Montana. Mr. Roderick passed away in 1922 and Mrs. Roderick in 1936; Mrs. Cowell in 1937, at their homes in Montana.

Mr. Cowell engaged in prospecting and mining, operating from Death Valley to Alaska, living several years in San Diego and Los Angeles.

In 1926 he returned to Grayling and established the Cowell Institute, for the teaching of marbleizing, mold making and many other industrial needs. In this he built up a substantial business.

Last fall he decided that he

would again return to the Pacific coast, the scene of his former operations. He sold his business and home to Mrs. Laurel Parker, but before he got started the highways to the west became difficult to travel by auto, especially by the way of Montana, where he intended to visit.

In the meantime the paths of

Mr. Cowell and Mrs. Moore crossed, with the result of the happy marriage that is mentioned above.

The Avalanche extends best wishes. They have purchased the

Kurtz-Austin

Michelson Memorial Church was the scene of a lovely wedding Sunday evening when Eleanor Elizabeth, daughter of Capt. and Mrs. John D. Austin, became the bride of Robert William Kurtz, son of Mr. and Mrs. Rob't Kurtz of Alpena. The ceremony was performed by Chaplain Fred P. Harris of the U. S. Reserves.

The church decoration was very colorful and attractive. The choir rail was covered with green boughs, along the top of which had been placed at intervals, bright colored potted plants. An improvised altar, covered with a white lace cloth, held two candleabra with lighted candles, and in the center of the altar was a large bowl of pink roses. The altar rail arrangement was much the same as the choir rail. The whole effect was very pleasing.

DEMAND ROAD COMMISSIONER BE REMOVED

Startling are the revelations contained in the report of last week's special session of the county board of supervisors. The session was called for the purpose of considering delinquent tax land sale that will be held in May. Also to consider a resolution requesting the governor of the state to remove from office Harry W. Souders, chairman of the county board of road commissioners.

Mr. Souders is charged with official neglect and misconduct in office. Complete text of the resolution appears in the official report of the meeting that appears elsewhere in this issue of the Avalanche.

Mr. Souders' official administration was recently investigated by the Auditor General's department, and, according to verbal statement by Martin T. Lavin, attorney for the Auditor General's department, they found conditions more or less as claimed by the board of supervisors. If the situation is as is claimed, his resignation will undoubtedly be demanded by the governor.

DO IT YOURSELF

Next Sunday is "Church Loyalty" Sunday. No matter if you haven't been to church for a long time, go next Sunday will be adding to that extra throng in this United States that day, that in its aggregate, may mean much in spiritual advancement. The "They won't miss me" attitude isn't fair to yourself, for we're not a nation of people who deliberately shirk our responsibilities and let someone else do them for us. Let's make next Sunday a really and truly "Church Loyalty" day.

ANOTHER TAX

The last venture into the field of hidden taxes is a proposed tax on fuel oil which it is estimated will yield the government a billion dollars a year. A recent survey disclosed 20,000 oil burners in Detroit homes alone. In every town in Michigan there are at least a few. Such a tax is a direct hit at the family pocket-book.

Why is this tax being considered?

Well the organized coal miners have recently forced the cost of coal so high that customers are turning to oil for heating. The result is, less coal being mined and less work for the miners. So to correct one error they commit another—tax the oil to make that higher too—Ingham County News, Mason, Michigan.

What this country needs more than a five cent cigar is a revival of just old fashioned decency. Ten years more of our present declining morality and most folks won't know or care about our form of government—Charlotte Republican.

"SPARKS WOULD FLY" WITH EATON

Arba Moulton of the Decatur Republican has eliminated "Rock" Fitch and "Milt" McPherson from further consideration as gubernatorial prospects but editorially admits that he is on the fence between Fitzgerald and Toy. "Bill" Irving of the Sandusky Republican-Tribune lauds Editor Eaton's sharpshooting of the Lansing citadel of the New Deal and proposes the peace time major from Plymouth for lieutenant governor. Editor Averill of Birmingham claimizes the Eaton candidacy talk with this paragraph:

Beyond doubt, Mr. Eaton has done more to give the public an idea of the conduct of Governor Murphy's regime than any other individual in the Republican party in Michigan, within recent months. That he will continue to expose other findings is the belief of all who know him as a crusader of the aggressive type.

Mr. Eaton's fighting instincts are worth commending; if he were Governor, in our opinion, "the sparks would fly"—and so would a lot of bunk and inefficiency be invited to leave the center of Michigan's government. Charlotte Republican Tribune.

NEBRASKA

It is to be regretted that some state of the union with greater economic and social problems than Nebraska has not tried the

one-house legislature plan. Nebraska, under it sold two-house legislature did such a good job that few grave problems remain for the new regime. Perhaps that is one reason why the 1937 legislature, the first to assemble under the one-house plan, was disappointing. It was declared too conservative by some who advocated the one-house idea.

Nebraska has no public debt. It has a \$10,000,000 state capital building all paid for. It enjoys an excellent public school system and has developed a fine highway system. The state spends lavishly on an old age assistance plan and other related social activities. Yet with all these, the state imposes no income tax, no general sales tax, no cigarette or other so-called nuisance taxes—and it does not borrow money.

A property tax, a stiff liquor tax and a five cents per gallon gasoline tax combine to do a fairly good job of financing the state. Governor Cochrane is quoted as saying: "I am not sure but that taxes should be painful in order to make the people tax conscious."

The News recommends a study of Nebraska taxes to Governor Murphy's new tax study commission. It recommends also a study of Nebraska history to Michigan debaters now so violently condemning the two-house legislature system.—Verne Brown in Ingham County News, Mason, Mich.

In the Editor's Mail

February 22nd, 1938

Mr. O. P. Schumann
Editor of "The Avalanche"

Grayling, Michigan.

Dear Mr. Schumann:

The February 17th issue of "The Avalanche" published a letter that was written by our local Mr. R. A. Wright, which was written for the Bay City Times

under date of Feb. 7th. All who have read this letter have been deeply impressed with the fact that the writer wishes to assume full responsibility for the idea he sets forth as regards the licensing of slot machines in Michigan. He states in effect, that he does not believe in gambling in any form, but that, as long as folks are going to do it anyway, it may as well be legalized, licensed, and the State secure a revenue from the same.

There is no doubt in my mind that Mr. Wright thinks the idea is just the "berries" and will solve the difficulty of securing law enforcement as regards this vice. However my humble opinion is that his "logic" lacks just that—Logic. Taking his idea let us carry the plan into other illegal practices. We might say, "I am opposed to stealing in any form, but so long as folks are going to steal anyway, we may as well license thieves, and get a good revenue from them, thus benefiting our government." Again, we might say, "We are opposed to arson, but if folks are going to set fires anyway, we may as well license them." Or,

"I do not believe in murder, but if folks are going to commit murder anyway, we may as well license killers, and thus benefit the State in dollar and cents, besides making it unnecessary to have these criminals buy protection."

But if Mr. Wright were in the position that some of us merchants find ourselves, he would get a new slant on the idea of turning loose a new drove of slot machines in our community. I dare say many of my fellow merchants have had the same sad experience that has come to me, namely; the experience of carrying charge accounts on the books for month after month, with no possibility of collecting and realize that your customer has sunk his or her all in the slot machine pay-day after pay-day, the vain hope that a "jack-pot" would turn all their financial worries into receipts for bills paid in full.

No amount of revenue realized by State or local authorities will or can make up for the direct loss suffered by not only the patron of the machine, but by those to whom he should have paid, the silver he stuck into machine that is a mechanized robber.

My opinion is, too, that it is the duty of every thoughtful person, to shout loud and long against any bill that will legalize the slot machine business in this or in any other community.

Respectfully,

F. J. Mills.

Introduced Leprosy

The Chinese are commonly held to have introduced leprosy to the South seas, but there is little evidence to support this theory. Early

missionaries noted presence of leprosy there long before the first Chinese laborers arrived to work on the plantations.

SCHOOL NEWS

This week marks the end of the hot lunches at school. With the weather moderating, fewer students want lunches and it is planned to discontinue them after this week. To the Hot Lunch club and the sponsor, Miss Tumath, much credit is due for carrying on this project.

The picture contest sponsored by the Hi-Y Club has ended and the voting to select the best photo in each class is being carried on this week. The winners are to receive season tickets to the basketball tournament.

At the assembly program Tuesday, Commander Earl Woods representing the American Legion, presented a beautiful plaque to the school. It is planned to inscribe the names of outstanding students on this plaque each year. These awards are to be for all-around excellence rather than scholarship alone.

Mr. Clarence Johnson prefaced the presentation with a few well-chosen words explaining the purpose of the Legion in presenting this plaque and the use to which it is to be put. The Grayling American Legion Post is to be congratulated for offering this incentive to the students of Grayling high school. Such things mean a lot in the life of the student.

Grayling High Wins Over West Branch

By John Matthews

Last Friday night West Branch High endeavored to avenge their earlier defeat at the hands of the Green and White but couldn't match the aggressiveness of a determined team and went down to defeat with the score 35 to 24.

The rugged West Branch team got off on a fast start but couldn't hold to the fast pace turned on by the boys from Grayling high, and quickly slipped behind.

The game was marked throughout by roughness and aggressiveness playing by both teams.

At the third quarter Grayling led 25 to 8. Then, with a fine display of reserve energy, West Branch out-scored Grayling but couldn't overcome the wide margin piled up by Grayling in the first three periods.

The Reserves were beaten down by the stronger West Branch Reserves, 28 to 17. This game also was fast and furious; much aggressiveness displayed by both teams. Grayling couldn't keep up the pace and the fast shooting of the visitors.

The opening game was staged by the Purdue and Wisconsin teams of the Big Six League. Some fine playing was displayed by some of the future players of Grayling.

The two preliminaries were refereed by Leo Lovely; final ably and sharply by Smith of Houghton Lake.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

Thursday, February 25, 1915

A. J. McInnis of Detroit is a guest of Miss Isle Milnes.

C. C. Fink of the M. C. depot returned Wednesday morning from a two weeks stay in Texas, attending to some business.

The Misses Emma Moehlman and Myrtle Reagan entertained the Laffalotte Sewing club at the home of Mrs. J. B. Woodburn Tuesday evening.

Much excitement was caused last Friday morning about 6:30 o'clock when a fire was discovered at the Michigan Central depot hotel in one of the guest rooms. It was quickly extinguished.

Mrs. David Montour returned Saturday noon from Standish, where she had been called on account of the serious illness of her mother, Mrs. R. Collier. Mrs. F. Tetu, who was also with her mother, returned Tuesday.

Mrs. Henry DeWaele and little son of Roscommon spent Sunday visiting Mr. DeWaele here.

Dr. and Mrs. C. A. Canfield are enjoying a visit from the latter's father, J. M. Miller, of Gladwin.

Mrs. Cameron Game and daughter Joyce have been quite ill at their home. They both are getting along nicely now.

Charles Fehr threw the harpoon into two fish one day last week at the electric light pond, that weighed 18½ and 16½ pounds respectively. They were steel-head pike.

Charles Newell Underhill was called home to Lovells on account of his father's serious illness.

Word has just been received that the marriage of Miss Olga Peterson, will take place in Detroit March 6th. The gentleman of the contracting parties is William Psbursky, a jewelry-engraver in one of the jewelry stores in Detroit.

The members of the Goodfellowship club and their husbands were most royally entertained at a six o'clock dinner at T-Town by T. W. Hanson last Tuesday evening. Afterwards at the home of the president of the club, Mrs. Oscar Hanson, the evening was spent at cards and closed with a much enjoyed luncheon.

This office hereby acknowledges receipt of an announcement of an opening of the firm of the Holger F. Peterson company, jewelers, of Youngstown, Ohio. Mr. Peterson is a son of Andrew Peterson, a pioneer jeweler of this city, and is a well known Grayling young man. He is considered one of the live wires in Youngstown and a firm believer in printers' ink, so no doubt will get his share of the jewelry business.

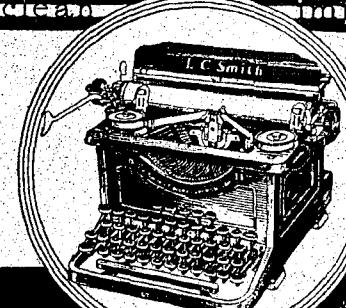

Alonzo Collen has been suffering from a severe attack of neuralgia.

Miss Nellie Charlefour who has been the guest of Mrs. Chas. Duby for the past week, returned to her home in Frederic Wednesday afternoon.

"Did your mother think he stuck around too long in the evenings?"

"No! Jim thought mother did."

OH, AH, NOW

"Pop, I'm going to marry the sweetest girl in the world."

"Why don't you marry someone who's never been married before?"

CHEAP TALCUM

"Bob complimented me on my complexion last night."

"Sort of a powder puff, eh?"

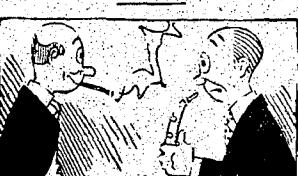

NOT SO BAD

Newpop (proudly)—It's a boy And, say, I'm going to start a bank account for him right off.

Waggish Friend—Sort of a fresh heir fund, eh?

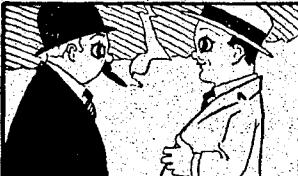

A REAL WEAPON

"I play the sax just to kill time."

"Well, in your hands it sure is an instrument of death."

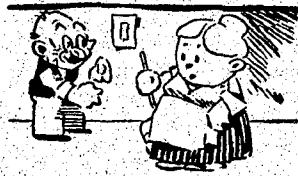

SHOES COUNT

"What would you do if you were in my shoes?"

"Congratulate myself that I had one good pair, at any rate."

THE TEST

VISITORS TO PADDY'S POND

THE hunter who was hiding near the pond of Paddy, the Beaver, hoping that Lightfoot, the Deer, would come back there and give him a chance for a shot, was a man of patience. Also he was a man who understood the little people of the Green Forest and the Green Meadows. He knew that if he would not be seen he must not move. He sat as motionless as if he were a part of the very log on which he was sitting.

For some time there was no sign of any living thing. Then, from over the tree tops in the direction of the Big River, came the whistle of swift wings, and Mr. and Mrs. Quack alighted with a splash in the pond. For a few moments they sat on the water, a picture of watchful suspicion. They were looking and listening to make sure that no danger was near. Satisfied at last, they began to clean their feathers. It was plain that they felt safe. Paddy, the Beaver, was tempted to warn them that they were not as safe as they thought, but as long as the hunter did not move, Paddy did not wait.

Now the hunter was sorely tempted to shoot those ducks, but he knew that if he did he would have no chance that day to get Lightfoot the Deer, and it was Lightfoot he wanted. So Mr. and Mrs. Quack swam about within easy range of that terrible gun without once suspecting that danger was anywhere near.

Still the hunter sat without moving. Mr. and Mrs. Quack contentedly hunted for food in the mud at the bottom of Paddy's pond. Bobby Coon finished his meal, crossed the dam and disappeared in the Green Forest. He had gone off to take a nap somewhere. Time slipped away. The hunter continued to watch patiently for Lightfoot, and Lightfoot and Paddy, the Beaver, were tempted to warn the hunter. Finally, another visitor appeared at the upper end of the pond, a visitor in a wonderful coat of red. It was Reddy Fox.

Supervisors Meet In Special Session

SPECIAL SESSION, FEBRUARY 14, 1938

Special Session of the Board of Supervisors for the County of Crawford, held at the Court House, in the City of Grayling, on Monday the fourteenth day of February, A. D. 1938.

The Board was called to order by the Chairman, Sydney A. Dyer.

Roll was called by Townships and City of which the following Supervisors responded:

Beaver Creek Township, Hjalmar Mortenson, Supervisor.

Frederic Township, Lyle Dunckley, Supervisor.

Grayling Township, Fred Niederer, Supervisor.

Lovells Township, Edgar Caid, Supervisor.

Maple Forest Township, Archie Howse, Jr., Supervisor.

South Branch Township, Sydney A. Dyer, Supervisor.

City of Grayling, George Burke, Supervisor.

City of Grayling, Chris W. Olsen, Supervisor.

The call for the Special Session was read as follows:

Grayling, Michigan
January 31, 1938

Mr. Axel M. Peterson
County Clerk
Grayling, Michigan
Dear Sir:

You are hereby notified by us, the undersigned Supervisors of Crawford County to call a Special Session of the entire Board of Supervisors, on Monday the fourteenth day of February, A. D. 1938 at nine o'clock in the forenoon of said day.

The reasons for said Special Session are as follows:

To take up the matter of delinquent lands to be sold at the May Tax Sale, and such other business that may come before the Board.

Board of Supervisors of Crawford County. By Sydney A. Dyer, Supervisor, South Branch Township.

By Lyle Dunckley, Supervisor, Frederic Township.

By Fred Niederer, Supervisor, Grayling Township.

By George Burke, Supervisor, City of Grayling.

By Chris W. Olsen, Supervisor, City of Grayling.

By Hjalmar Mortenson, Supervisor, Beaver Creek Township.

By Archie Howse, Jr., Supervisor, Maple Forest Township.

By Edgar Caid, Supervisor, Lovells Township.

A discussion of lands being offered for sale at the May 1938 tax sale became a general order of business.

Moved by Dunckley, and supported by Burke, that the matter of the resolution pertaining to delinquent lands be made a special order of business at two o'clock this afternoon. All members voting yea: The motion carried.

The Petition to the Governor for the removal of Harry W. Souders, County Road Commissioner was read.

Moved by Burke, and supported by Dunckley, that the following Petition for the removal of Harry W. Souders, County Road Commissioner be accepted, approved and adopted.

That as a member of said Board of Supervisors of Crawford County, Michigan sufficient annual reports as required by statute, failing to report to said Board of Supervisors how said Board of County Road Commission anticipated Road Funds coming into their hands for the ensuing year.

That as a member of said County Road Commission he was guilty of official neglect and misconduct in that said County Road Commission in the year 1938 built a bridge across the AuSable River about one-half mile north of the Village of Fredericksburg in said County of Crawford at a cost of over five hundred dollars without advertising for bids on said Bridge as is required by law, and in the year 1938 said Board of County Road Commission did build a bridge across the East Branch of the AuSable River in Lovells Township in said County near the inlet of Jones Lake at a cost of over five hundred dollars without advertising for bids for said bridge as is required by law.

That as a member of said County Road Commission he was guilty of official neglect and misconduct in that the said Board of County Road Commissioners refused and neglected to follow the recommendations and approval of the Board of Supervisors of Crawford County, Michigan in repairing and maintaining highways in said county for the year 1938 as said Board of County Road Commissioners agreed to do at a joint session of said Board of County Road Commissioners and the Board of Supervisors of Crawford County, Michigan in January 1938.

That as a member of said County Road Commission he was guilty of official neglect and misconduct in that at a joint meeting of said Board of County Road Commissioners held in January 1938 said Board of Supervisors recommended and approved the expenditure of not to exceed eight thousand dollars for the purchase of new equipment for the year 1938 and said Board of County Road Commissioners did agree to follow said recommendations but in utter disregard to said agreement said Board of County Road Commissioners did authorize the expenditure and did expend for new equipment in the year 1938 the sum of seventeen thousand one hundred ninety-one and 63/100 dollars.

That as a member of said County Road Commission he was guilty of official misconduct and neglect of duty in that on or about May 21, 1938 said Board of County Road Commissioners of Crawford County, Michigan on the south side of the AuSable River and on lands belonging to R. Clifford Durant, Hazel Burwitz McCulloch and Lulu Burwitz Vogt, without the knowledge and consent and against the wishes of the owners of said property.

That as a member of said Board of County Road Commission he neglected and refused to expend money received from the gas and weight tax under the approval of the Board of Supervisors of Crawford County, Michigan as required by the McNitt-Holbeck-Smith act but expended such money without receiving the approval of said Board of Supervisors.

That as a member of said County Road Commission he was guilty of official misconduct in that said Board extravagantly and without due regard to necessity purchased equipment far beyond the actual needs of said county.

That as a member of said Board of County Road Commission he was guilty of official misconduct and neglect in that he did not render to the

Board of Supervisors of Crawford County, Michigan sufficient annual reports as required by statute, failing to report to said Board of Supervisors how said Board of County Road Commission anticipated Road Funds coming into their hands for the ensuing year.

That as a member of said Board of County Road Commission he was guilty of official misconduct and neglect in that he did not render to the

Board of Supervisors of Crawford County, for the purchase of said County, for the purchase of said truck.

Board of Supervisors, Hjalmar Mortenson, Lyle Dunckley, Fred Niederer, Edgar Caid, Archie Howse Jr., Sydney A. Dyer, George Burke, Chris W. Olsen.

STATE OF MICHIGAN)

County of Crawford)

On this 14th day of February, A. D. 1938 personally appeared before me a notary public, Hjalmar Mortenson, Lyle Dunckley, Fred Niederer, Edgar Caid, Archie Howse Jr., Sydney A. Dyer, George Burke and Chris W. Olsen, constituting the entire Board of Supervisors of Crawford County, Michigan, each being duly sworn that he executed the foregoing instrument and that he knows the contents thereof and that the same was executed as a Board of Supervisors of Crawford County, Michigan and that the same is their free act and deed and that he believes the charges therein contained are true.

William Ferguson, Notary Public, Crawford County, Michigan.

My commission expires Dec. 12, 1941.

Afternoon Session

John Bruun of the Grayling State Savings Bank, came before the Board in regards to the depository agreement between the County and the bank.

Moved by Dunckley, and supported by Olsen, that the Grayling State Savings Bank remain the depository of the funds of Crawford County after the termination of the present agreement which expires on the 16th day of March, 1938 and that the service charge of fifteen dollars per month be waived after this date. Yea and Nay vote taken. Yeas: Dunckley, Olsen, Mortenson, Niederer, Caid, Howse, Dyer, and Burke. Nays: none. The motion carried.

The matter of the Resolution pertaining to delinquent taxes was made a special order of business at this time.

Mrs. Laura Olson of the local E.R.A. came before the Board in regards to an appropriation.

Moved by Olsen, and supported by Dunckley, that we appropriate the sum of one hundred dollars for the month of February to the Welfare E.R.A. The Clerk and Treasurer be and are hereby authorized to issue warrant in payment of same. Yea and Nay vote called. All members voting yea. The motion carried.

Resolution as offered by Supervisor Dunckley:

Whereas, there is a large number of descriptions of land in Crawford County, Michigan upon which there are several years delinquent taxes, and

Whereas, most of these lands are cut over lands with a small value and the taxes upon them at the present time is about all the lands are worth, and

Whereas, it appears that many of the owners of this land would like to retain this property but on account of the depression for the past few years they were unable to pay the taxes on said property, and

Whereas, if this property is sold at the May Tax Sales unless bid in by individuals this property will be taken from our tax rolls and no more taxes will be received on the property, and

Whereas, to take this property from our tax rolls is a serious handicap to this County and the local municipalities therein and would throw too heavy a burden on the remaining property owners of the County.

Now Therefore Be It Resolved:

By the Board of Supervisors of Crawford County, Michigan that upon payment of the State taxes

on any of the property in Crawford County that is to be offered for sale for delinquent taxes at the May 1938 tax sale, the County of Crawford will cancel all county taxes thereon that is offered at said sale.

And Be It Further Resolved:

That this Board recommend to each Township and each school

district in this county that they cancel the taxes for their respective municipalities on lands upon which the State taxes are paid as above set forth.

Moved by Dunckley, and supported by Howse, that the above resolution be accepted, approved and adopted. Yea and Nay vote called. Yeas: Dunckley and Howse. Nays: Mortenson, Caid, Dyer, Burke, Olsen and Niederer. The motion was lost.

Moved by Niederer, and supported by Caid, that the Clerk be authorized to purchase ten ton of coal for the Court House if needed. All members voting yea. The motion carried.

The Bills for the Supervisors for attendance at this session were allowed.

The minutes of this session were read, approved and signed in open session.

Moved by Niederer, and supported by Olsen, that we adjourn without date. All members voting yea. The motion carried.

Axel M. Peterson, Clerk.

Sydney A. Dyer, Chairman.

Biggest Bargain

In Grayling

Because a majority of homes in Crawford County "just can't get along without The Avalanche", the Avalanche ranks high as a Household Necessity. More than that, at the low subscription price of \$1.75 a year, or five cents a single copy, the Avalanche is a real bargain.

REDUCING SURPLUS

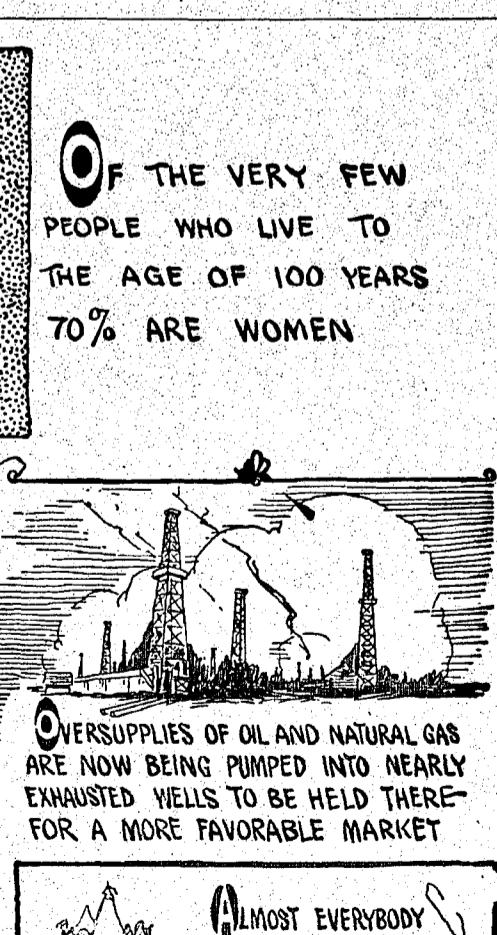

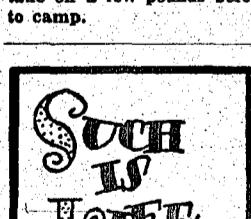

Now is the time ball players think of going South for spring training camp, so Jimmy Foxx, fine first baseman and heavy hitter of the Boston Red Sox, mounts a bicycle in a Philadelphia gymnasium to take off a few pounds before going to camp.

Few visitors to the Washington monument have seen the 100-ounce pyramid of pure aluminum which caps this famous 555-foot structure in the nation's capital. This rare picture was taken in 1934 when the monument was cleaned and overhauled.

Costing \$1,300,000, the monument was started in 1848, was left unfinished when the nation entered the Civil War, and was finally dedicated on February 21, 1885. The capstone, the peak of which is shown below the aluminum pyramid, weighs 3,800 pounds. Its placement was an unusual engineering accomplishment.

Photograph at the right shows the monument from a distance at night, its peak bathed in a bright light that makes it visible for miles.

He was introduced by Supt. Gerald Poor, of Grayling schools. The ladies of the members were guests. The next meeting of the club will be at Green's Inn, Roscommon, next week Wednesday evening.

Nell Cary Welsh celebrated her twelfth birthday Saturday when she had eleven girls as her guests from 4:00 in the afternoon until 8:00 in the evening. The dinner table was attractively arranged for dinner with George Washington decorations and favors for the guests, who included: Jane Milnes, Billyann Clippert, Jean Simpson, Gloria Jean McDaniels, Rose Mary Charron, Rhoda Jean Miller, Mildred Smith, Jeanne Lou Graham, and Maxine Melchar.

Otto Baumgard, who will be remembered in Grayling, passed away, suddenly, at his home in Detroit, on Tuesday morning. Mr. Baumgard came to Grayling over twenty-three years ago to direct the gym classes in the then new Danish gymnasium, and here he remained until 1917, when he and his bride, who was Julia Michelson, moved to Detroit. Funeral services are to be held in Detroit on Friday. Mrs. Peter Larson sister of Mrs. Baumgard, will be in attendance. To survive the deceased are his wife and step-daughter, one brother and one sister.

A small crowd was present at the firemen's benefit ball Washington's birthday. The school gym was ablaze with flags and bunting and very attractive. Music was furnished by the Poki Dot orchestra and everyone was delighted with it. This was a really very fine party and deserving of a much larger attendance. Besides the men of the fire department are doing a fine job for the public and are well deserving of the patronage they received. Naturally the men are disappointed at the small attendance. The proceeds from their dances are for use of the members' families in case of accidents incurred while on duty.

Rev. Edgar Flory gave an address at the Fourth annual banquet of the Mid Sportsmen's Club at Mid, Saturday night. His subject was "Big Game Hunting in India." There were some 25 conservation men present. Merle F. Nellist and Axel M. Peterson also attended from Grayling. On Tuesday evening Rev. Flory attended the Eastern Star-Masonic Washington Birthday banquet in West Branch and was on the program for this address, "What Washington would say and do if he were here today."

Mrs. Belle Lancaster entertained a group of friends Wednesday afternoon in honor of Mr. and Mrs. George Plant's twenty-ninth wedding anniversary, at the H. B. Harrison home.

Miss Roberta Austin, a student in the University of Tennessee, visited her parents over the week end, having come home to attend the marriage of her sister Miss Eleanor, to Mr. Robert Kurtz.

Grayling aspires to do something about evening the count with the neighboring school when they square off Friday night and it should be worth watching.

The Reserves will also tangle and there will be another preliminary as well.

EXAMS FOR CONSERVATION OFFICERS

March 1 is the last day on which application may be made for the opportunity of taking competitive civil service examinations for conservation officers, forest fire wardens and towermen, according to the deadline fixed by the state civil service department.

The examinations have been called for March 12 and the civil service department has ruled that "applications postmarked after midnight March 1, 1938, will not be accepted." Application forms may be obtained from county clerks or the civil service department.

The examinations are to be conducted in Lansing, Detroit, Grand Rapids, Saginaw, Grayling, Manistique, and L'Anse. Applicants who meet the minimum requirements outlined in the examination announcement will be notified by the civil service department of the exact location in the cities where each is to appear.

YOUNG MOTHER PASSES AWAY IN FLINT

Mrs. Lucille Owens, age 27 years, wife of Frank Owens, formerly of Grayling, passed away at Hurley Hospital in Flint on Feb. 16, leaving six small children. The young woman died of complications after a four month's illness.

The deceased was formerly Lucille Sullivan and was united in marriage to Frank Owens, son of Mr. and Mrs. Dan Owens, and they left for Flint about six years ago. She was born in Markey, Michigan on May 11, 1910, the daughter of Mr. and Mrs. Raleigh Sullivan. Surviving besides the husband, the children are Frank, Stanley, Edwin, Ronald, Donald and Ernestine. Also three sisters survive Leona, Virginia and Betty Anne Sullivan, of Flint.

The remains were brought to Grayling Saturday and interment took place in Elmwood cemetery. Rev. Edgar Flory officiating at the ceremony. Besides relatives from Flint, Mr. and Mrs. Clarence Larson of Detroit came to be at the funeral. Grayling friends extend sympathy to the bereaved family.

Womans Club

The Womans Club sponsored an evening of conservation films shown by Mr. Welsh of the Conservation Department at Roscommon, at the school auditorium Monday evening.

The films as well as the talk given with them were very interesting and instructive. Pictures of Michigan wild flowers, beavers, their habitat and dam building, and Michigan animals from the bull moose to the gopher were shown. It proved to be one of the most interesting meetings of the club year.

March 1, the Club will present "Howdy Stranger", at the school auditorium. The drama committee is putting it on for the benefit of the Milk fund.

M.C.R.R. Trains To Speed 100 M.P.H.

Two new passenger train locomotives, each capable of hauling standard trains at sustained speeds over 100 miles an hour, and the most powerful ever in passenger service in Michigan, have just been installed on the Michigan Central Railroad. The two, now on Detroit-Chicago runs, belong to a group of 50 being constructed for the New York Central System. More of these are to be assigned to the Michigan Central.

The new locomotives are of the Hudson type, classified as J-3A. They weight 360,000 pounds, have 73 feet, 7½-inch wheelbase; 22½ by 29-inch cylinders, a 4-6-4 wheel arrangement with 72-inch driving wheels and carry 275 pounds steam pressure. Capacity of the tenders is 30 tons of coal and 14,000 gallons of water.

The locomotives are of the most modern type. They are equipped with booster engine for faster and smoother starting; automatic stoker, power reverse gear, feed water heater, combustion chamber for improved steaming performance, automatic train control, rubber draft gear, the customary train safety devices, and roller-bearings on all axles.

Another feature is a special design of lightweight alloy steel piston and rod assembly, roller-bearing cross head and high tensile steel driving rods. The most notable benefit from the reduction in weight of these revolving and reciprocating parts is a 50% decrease in the dynamic augment or rail pound of the driving wheels at high speeds, thereby sharply decreasing track stresses and both track and locomotive maintenance.

Despite the additions of many features and the 8500-pound heavier nickel steel boiler, the new locomotives, because of their lighter alloy steels, etc., weigh only 1500 pounds more than the famous Hudson J-1 type they replace and which they exceed in power, speed, operating economy and road performance.

DEPT. OF STATE STATE NEWS BULLETIN

DESTROY OLD PLATES CASE TELLS DRIVERS

Leon D. Case, Secretary of State, cautions all motorists to destroy their 1937 motor vehicle license plates as soon as they install 1938 plates to their cars.

Instances in which criminals have picked up cast-off plates for temporary use on their own cars in the commission of a crime, are not unknown to police, it is pointed out.

The dangers of this possibility grows during the last few days preceding a license plate deadline, with hundreds of thousands of plates being carelessly thrown away, thus available to anyone who might want to use them perhaps for only a few hours.

Until March 1, the only way a motorist can be assured that no one else might use his old plates, is to see to it personally that the plates are mutilated. Case stresses.

Lovells

Mr. and Mrs. Edgar Caid have moved to their own home from Frederic, where they were staying for the winter.

Mr. and Mrs. Glen Gregg and family have gone to their home in Kalkaska after visiting Mrs. Gregg's parents, Mr. and Mrs. Alfred Nephew, for a month.

Mr. and Mrs. Joseph Duby are on the sick list.

Edgar Douglas of Grayling was a caller in Lovells, Monday.

James Husted of West Branch was a caller in town last week.

Lorna Deer Nephew spent the week end with Lois Winston of Maple Forest.

The roads were so slippery Thursday that the school bus could not get back to Lovells, so the pupils were distributed among the Frederic people.

William Miller was a caller in Lewiston last week.

Miss Edna Small of Gaylord spent the week end with her parents, Mr. and Mrs. Roy Small.

Lansing—The paradoxical situation whereby vast surplus stocks of Michigan apples and potatoes remain in Michigan warehouses while outstate apples and potatoes arrive daily for sale here has summoned to appropriate additional funds for unemployment relief.

Resourceful budget workers convinced the governor that upwards of \$3,000,000 could be obtained by requiring liquor firms to store goods in state warehouses for sale to the state "if and when needed." This system is used in Ohio. It would automatically solve the problem of putting millions of dollars of state funds into liquor stocks in anticipation that the public may buy them.

United States Senator Prentiss Brown counseled the governor publicly not to risk the chances of a legislative battle this year.

If the unemployed can be fed and housed, there is little likelihood of a special session in Lansing. As Homer Martin of the UAW put it recently at Flint, "we want relief and we don't care where we get it."

Presidential Hopes

The importance of Michigan in the 1940 presidential campaign may be deduced from the fact that John Hamilton, republican national chairman, chose Grand Rapids for a Lincoln Day address and that President Franklin D. Roosevelt will visit Michigan next September.

Senator Vandenberg of Grand Rapids is "most popularly" mentioned for GOP nomination, according to the American Institute of Public Opinion—the service that accurately forecast Roosevelt's re-election in 1932.

Governor Frank Murphy is still in the first ten favored candidates for the democratic nomination as the successor of President Roosevelt. Murphy's 1938 record comes next fall. After that—well, who knows?

Used Car Problem

Convinced that automobile factories cannot hum with activity again until the used car jam is broken, manufacturers and dealers are planning a "super bargain sale" this spring.

Prices will be cut to the well-known rock bottom, while dealers center attention on improved reconditioning methods.

The used car business is a two billion dollar industry.

The Petroleum Institute estimated recently that of the 29,000,000 automobile owners in this country, 10,000,000 of them had never owned a new car.

For every new car a dealer sells, he receives a used car.

It is an economic cycle that functions just as long as there is a market for used automobiles. When the market jams, then the backlog starts that ends in shutdown of automobile factories.

The used car industry is more important to Michigan than to any other state in the country.

Remember, one of every six persons owe their livelihood in America to the automotive industry and its many ramifications. Verily, Michigan is on the national map in heavy black letters.

Printer's House in Antwerp

Christophe Plantin was a French printer, who lived in the Sixteenth century and made Antwerp his home and print shop. In the angle of the Marche du Vieux Bassin, it can be found around its quaint little courtyard, under the name of Musee Plantin-Moretus. It has a unique collection of old furniture, tapestries and ornaments. The old printing office, the proprietor's office and the salesroom are preserved complete and the house itself is a fine Renaissance example of the better burghe type.

No Special Session?

HOLDING CIVIL SERVICE EXAMINATIONS

Six More Exam. Centers Established

Six new examinations centers were established by the Civil Service Department recently in order to handle the large number of applicants that are expected to take the first examination for the positions of Automobile, Truck, and Highway equipment operators in the State Highway Department on March 5, 1938.

In addition to the cities of Lansing, Detroit, Grand Rapids, Saginaw, Grayling, Manistique, L'Anse which have been regularly used as examining centers, the test will be given in Escanaba, Newberry, Cadillac, Crystal Falls, Kalamazoo, and Alpena. At the same time that these open competitive examinations are held, state employees now holding such positions will take qualifying examinations.

The minimum qualification requirements for a truck driver or an automobile operator are one year or 10,000 miles of experience in driving trucks or passenger cars respectively, completion of eighth school grade and a valid chauffeurs license. Applicants must be between the ages of 18 and 50.

To qualify as a light highway equipment operator, one must present the requirements above, in addition to one year of experience on highway construction or maintenance work, but only the completion of the sixth school grade.

A heavy highway equipment operator must have two years experience operating light or heavy duty power-driven construction equipment in addition to the requirements stated for a light equipment operator. The age limits for the two latter groups are 21 to 55 years.

The temporary salary ranges for the individual classes are: Truck driver, 55c per hour; automobile driver, \$100 per month; light equipment operator, 55c per hour; heavy equipment operator, 60c per hour.

Applications postmarked later than midnight February 23, will not be accepted by the Civil Service Department.

The Michigan Civil Service Department announced open competitive examinations for four conservation classes to be held on March 12, 1938. Qualifying examinations will be given at the same time to approximately 400 men who are now employed within these classes as forest fire towermen, forest fire wardens, and conservation officers.

Actual experience in fire fighting and the knowledge of fire prevention are essential requirements for towermen and wardens. At least four years of experience as a hunter or trapper or in allied outdoor work, and a background of outdoor life are minimum requirements for the two classes of conservation officers.

Temporary salary rates for the various classes range from \$100 per month for a fire towerman to \$140 per month for the higher conservation officer class.

Applications for this examination, which will be held in Lansing, Detroit, Saginaw, Grand Rapids, Grayling, Manistique, and L'Anse, must be postmarked not later than March 1, 1938 to be accepted.

Safetygrams

BY FRED W. BRAUN
The Safety Man

Have you ever driven along on a country road and found that the driver ahead of you was courteously signalling what he intended to do? Doesn't it make you warm toward him? Do the same thing for the motorist who is following you. When slowing down or preparing to turn, give the chap behind you a signal. Be sure it is the right signal. Then do what you have signalled.

Know your signals. They vary in different localities, but it is easy to learn what they are.

Most highway accidents, you know, occur because one person does not know what another is

Brigadier General Percy L. Bishop, now commanding the harbor defense of Manila, has been promoted to the rank of major general. He succeeds to the vacancy that will be left by the retirement of Major General Douglas MacArthur.

SPEED

Some of the questions asked when you apply for a driver's license may concern speed. Here are the general limits in Michigan. Usually, 15 miles per hour in business sections and 20 miles per hour in residential districts are legal, although local or state authorities may alter them. Therefore, if signs designate a higher speed, you may drive faster, provided it is safe.

When on rural highways, you may usually drive at the speeds indicated by signs, or in their absence, as fast as safety will permit. But remember, any unsafe speed is unlawful. Keep your car under control so you can stop short of anything obstructing the highway. Your car is as long as the distance required to stop it.

FOLLOWING

The law requires you to keep in mind the speed of the car ahead and go slowly enough and far enough behind that you will avoid it if the driver stops suddenly.
